Further, a minimum of USD 47,000 must be derived from income associated with risk-protection products (new or renewal/trail, products eligible for Unlimited Credit under the commission or premium methods). It is possible that the same business, such as the sale of new life insurance policies, could satisfy both requirements.
- Income is defined as first-year, trail and renewal commissions, as well as fees for product placement, asset management fees and fees for advice. Other production-based compensation, such as salaries and production-based bonuses, would also be eligible for credit.

The income requirement for applicants outside the United States may be found on page 7.
